

1. ICBCT 2021 - 2021 the 3rd International Conference on Blockchain Technology

Accession number: 20215011325441

Source title: ACM International Conference Proceeding Series

Abbreviated source title: ACM Int. Conf. Proc. Ser.

Part number: 1 of 1

Issue title: ICBCT 2021 - 2021 the 3rd International Conference on Blockchain Technology

Issue date: March 26, 2021

Publication year: 2021

Language: English

ISBN-13: 9781450389624

Document type: Conference proceeding (CP)

Conference name: 3rd International Conference on Blockchain Technology, ICBCT 2021

Conference date: March 26, 2021 - March 28, 2021

Conference location: Virtual, Online, China

Conference code: 175044

Publisher: Association for Computing Machinery

Abstract: The proceedings contain 30 papers. The topics discussed include: smart contract design for a bidding-based supply chain system built on an alliance blockchain; application of blockchain technology in oil and gas industry; application of blockchain technology in oil and gas industry; PoolParty: efficient blockchain-agnostic decentralized mining pool; distributed ledger architecture for collaborative megaproject management with authenticated participants; preventing spoliation of evidence with blockchain: a perspective from South Asia; a design of key distribution mechanism in decentralized digital rights management based on blockchain and zero-knowledge proof; research on block chain defense against malicious attack in federated learning; and blockchain-enabled trust management in service-oriented Internet of Things: opportunities and challenges.
